

Invitation to International Workshop

The 6th International Conference on Digital Core Analysis & the 2023 China InterPore Conference on Porous Media In Qingdao, Shandong, China 5-7th July, 2023

On behalf of China University of Petroleum (East China), we are pleased to invite you to attend the academic workshop to be held at China University of Petroleum (East China) on July 5-7th. The purpose of this workshop is to communicate the latest progress and achievements on fluid flow in porous media research.

As an internationally acclaimed scholar and educator, your participation will be among the highlights of this workshop. We would be very grateful if you would consider giving us a talk on the latest developments.

Please confirm your participation at your earliest convenience, since we must prepare the program. And then we will send you the details of the workshop, accommodation arrangements and an activity program. We are looking forward to your acceptance.

Contact person for the workshop:
