

9th Annual Conference of Mexico Chapter of InterPore
UNAM Cultural Center of Querétaro
2-3 March 2023

The 2023 Conference Committee would like to invite you to the 9th Annual Conference of Mexico Chapter of InterPore to be held in a hybrid manner on the 2nd and 3rd of March 2023. We are looking forward to hosting you at the Fundación Hall of the UNAM Cultural Center of Querétaro ([location](#)). The Mexico Chapter of InterPore ([CMI](#)) is part of the International Society of Porous Media ([InterPore](#)).

The event's technical program is structured in a workshop format, with plenary conferences and thematic sessions with presentations, which will allow better interaction between participants.

The thematic sessions are (a) Artificial Porous Systems, (b) Soils and Aquifers, (c) Porous Systems in Energy Resources, (d) Environmental Systems, (e) Geothermal Systems, and (f) Other Applications.

The oral contributions will be 20 minutes long (15 minutes of presentation and 5 minutes of questions). Interested parties must submit their summary no longer than one page in length to cmi.redes@gmail.com, no later than January 27, 2023, using the format of the attached example.

Important dates:

- 27 January 2023: Abstract submission due (Oral or Poster contributions)
- 10 February 2023: Notification of abstract acceptance
- 17 February 2023: Program publication

We are looking forward to seeing you at this conference.

Our best regards,

RACMI 2023 Conference Committee

Dr. Rodolfo G. Camacho Velázquez, UNAM, (Mexico Chapter Chair)
Dr. Carlos Gilberto Aguilar-Madera, UANL, (Mexico Chapter Vice-Chair)
Dra. Anabel Hernández-Ramírez, UNAM, (Secretary)
M.C. Carlos Felipe Silva-Escalante, UNAM, (Student Representative)
Dr. Fernando Javier Alcántara-López, UNAM (Communication Representative)
